

MCLB ALBANY SAFETYGRAM

Required Personal Protective Equipment (PPE) While Operating Materials Handling Equipment

Headquarters Marine Corps has defined the personal protective equipment requirements for operating material handling equipment. Below is an excerpt from the MCO 5100.19F dated 29 November 2011.

Hard Hat

Steel Toed Shoes

Gloves (Leather)

MCO 5100.19F MARINE CORPS TRAFFIC SAFETY PROGRAM (DRIVESAFE) Chapter 6, Government Motor Vehicle Operator Training, Paragraph 10, Forklift and Material Handling Equipment (MHE) Operations states: All MHE operators will wear appropriate PPE whenever operating or within close proximity of working MHE. Appropriate MHE personal protective equipment is defined as hard hat, steel toe shoes and gloves. Eye protection and ear protection may be required depending on working conditions.
